

Chimney Fall Checklist

✓ **Check for Creosote Buildup**

If it's been over a year since your last chimney sweep, schedule a cleaning now.

✓ **Inspect Chimney Cap**

Ensure your chimney cap is in place and damage-free to prevent debris and animals.

✓ **Examine Masonry & Mortar Joints**

Look for cracked bricks or deteriorated mortar and schedule repairs if needed.

✓ **Inspect Flashing Around Chimney Base**

Check for rust, lifting, or gaps that could allow water to enter your home.

✓ **Schedule a Professional Inspection**

Let a Certified Chimney Sweep evaluate your chimney from crown to firebox.
